

An Examination of the Activists in the Selma

What do you notice?
What do you wonder?

While watching the film *Selma*, we will examine the different forms of oppression found throughout the film.

We are going to use the "**I wonder, and I noticed**" method to take notes (Ebarvia).

Each round that we watch the film draw three pictures of oppressive behavior that you noticed from your knowledge of the oppression matrix, and write three I wonder statements to share in our class discussions.
